FREE AND VOLUNTARY**

HOW DOES WORK ASSISTANCE WORK?

Following **initial contact**, an **initial meeting** is held. A decision is reached on

- > whether the person will receive advice or support or
- > referral to other supporting measures

The **clarification phase** covers

- > social and professional history
- > development of a support target
- > making contact with the employer
- > preparing an inclination and suitability profile

Alternative possibilities can then be recommended and initiated (e.g. vocational training or further qualification measures)

Above all, Work Assistance offers support with

- > obtaining a job (e.g. active job search) and
- > securing jobs at risk

Work Assistance is also available to the employee during the induction period (up to 3 months).
