A good thing: The AusbildungsFit preparatory module.

Can I cope with vocational training? How? And with which one?

The preparatory module gives you an idea of how AusbildungsFit works. No appointments, no registration: You simply take a look. A coach will help you: They will show you which jobs you can “try out”. They will advise you on your next steps. They will introduce you to shared activities. And don't worry about the others. They all have similar questions and motives!
