

HOW DO YOU ENTER VOCATIONAL SCHOOL?

The conditions for entering vocational school are having completed a youth coaching and having applied to the AMS.

Contact data for youth coaching and vocational school advisers can be found on www.neba.at

WHAT COMES NEXT?

After completing vocational school, you can

- > undergo an apprenticeship/an integrative vocational training in a company or an inter-company vocational training,
- > attend a secondary school,
- > participate in a qualification measure by the AMS or an educational institution.

HOW DOES VOCATIONAL SCHOOL WORK?

Vocational school is built upon four pillars:

Training modules

There are training modules which focus on the following topics:

- > Activation (introduction)
- > Exercise (training, professional orientation, ...)
- > Specialisation (for your specific professional training)

Coaching

Your coach accompanies you during your entire stay at vocational school and:

- > discusses your progress with you every 3 months
- > supervises you during courses which involve trying out jobs in commercial enterprises

Knowledge workshop

Here you can be trained optimally in the competences required for your next educational step.

Sport activities

Sports and movement are of great importance at the vocational school and are offered at different levels.

A vocational school "map of the future" is handed over at the end.

WHY ATTEND VOCATIONAL SCHOOL?

- > You are 15 years old or older and looking for your ideal career path?
- > You want to train the required competences for it?

Vocational school can help you make the next educational step that is best for you.

You can stay up to one year at vocational school.

... DEVELOPMENT OPPORTUNITIES FOR YOUR VOCATIONAL MATURITY

WHAT IS VOCATIONAL SCHOOL?

Vocational school is an offer for adolescents and young adults who are seeking support for their further educational or professional training after completing their compulsory education.

Vocational school trains you on your:

- > behaviour at work (concentration capacity, diligence, punctuality, independence, ...)
- > behaviour around other people (manners, external appearance, handling criticism and conflicts, ...)
- > career choice maturity (assessing one's own capacities)

... VOCATIONAL SCHOOL IS FREE OF CHARGE AND VOLUNTARY
